AUDITORS' REPORT

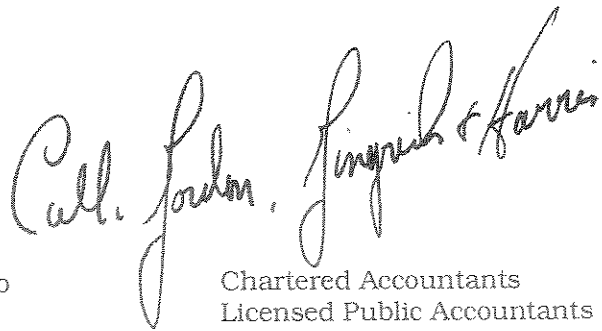

To the Members of South Muskoka Hospital Foundation

We have audited Balance Sheet of South Muskoka Hospital Foundation as at June 30, 2008 and the Statements of Changes in Net Assets, Operations and Cash Flows for the year then ended. These financial statements are the responsibility of the Foundation's management. Our responsibility is to express an opinion on these financial statements based on our audit.

Except as explained in the following paragraph, we conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In common with many non-profit organizations, the Foundation derives receipts from donations and fund raising, the completeness of which is not susceptible to satisfactory audit verification. Accordingly, our verification of these revenues was limited to the amounts recorded in the records of the Foundation, and we are unable to determine whether any adjustments might be necessary to donation and fund raising revenue, excess of revenues over expenses and net assets.

In our opinion, except for the effect of adjustments, if any, which we might have determined to be necessary had we been able to satisfy ourselves concerning the completeness of the donations and fund raising receipts referred to in the previous paragraph, these financial statements present fairly, in all material respects, the financial position of the Foundation as at June 30, 2008 and the results of its operations and cash flows for the year then ended in accordance with Canadian generally accepted accounting principles.

SOUTH MUSKOKA HOSPITAL FOUNDATION
SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
FOR THE YEAR ENDED JUNE 30, 2008

NATURE AND PURPOSE OF ORGANIZATION

The South Muskoka Hospital Foundation is a non-profit organization incorporated without share capital under the laws of Ontario. The Foundation is involved in raising funds for the benefit of the South Muskoka Memorial Site and/or persons or associations in the health care field in the community. The Foundation is to be carried on without pecuniary gain to its members and any profits or other accretions are to be used in promoting its objectives.

The Foundation is a registered charity and, as such, is exempt from income tax and may issue income tax receipts to donors.

SIGNIFICANT ACCOUNTING POLICIES

GENERAL

These financial statements were prepared using the accrual basis of accounting. The accrual basis recognizes the revenues as they become available and measurable; expenses are recognized, as they are incurred and measurable as a result of the receipt of goods or services and the creation of a legal obligation to pay.

REVENUE RECOGNITION

The Foundation follows the cash method of accounting for contributions. Contributions whether restricted or unrestricted are recognized as revenue of appropriate funds when received.

USE OF ESTIMATES

The preparation of financial statements in accordance with Canadian generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from management's best estimates as additional information becomes available in the future.

FOREIGN CURRENCY

Foreign currency accounts are translated to Canadian dollars as follows: At the transaction date, each asset, liability, revenue or expense is translated into Canadian dollars by the use of the exchange rate in effect at that date. At the year-end date, monetary assets and liabilities are translated into Canadian dollars by using the exchange rate.

FINANCIAL INSTRUMENTS

The Foundation's financial instruments consist of cash, marketable investments, accounts receivable, accounts payable and accrued liabilities and amounts due to related parties. The carrying value of financial instruments approximates their fair value due to their short term nature. Unless otherwise noted, it is management's opinion that the corporation is not exposed to significant interest, currency or credit risks arising from its financial instruments.

SOUTH MUSKOKA HOSPITAL FOUNDATION

CONTRIBUTIONS RECEIVABLE

CONTRIBUTED MATERIALS

Contributed materials which are used in the normal course of the organization's operations and would otherwise have been purchased are recorded at their fair value at the date of contribution if fair value can be reasonably estimated.

MARKETABLE INVESTMENTS

Marketable investments are recorded at the lower of cost.
